C/O DONALD M. JOBE

BROOKVILLE, IN 47012

Mr. Jobe,

We want to thank Imagination Library of Brookville, Indiana for continuing to support our children as well as the many children in our community that have enrolled. Our daughter Savannah (age 12) and our son Branson (age 4) both have enjoyed receiving a book a month until they were 5. My daughter has excelled by being able to read at a higher grade level from an early age, and our son is already trying to read sight words and pronounce words. We believe that reading to them at a young age is the reason. We will receive our final book this month as my son will enter Kindergarten this fall. With that being said, Thank You, for bringing such a great organization to Brookville.
