

The Imagination Library is such an amazing program. As a mother of a 2 year old and a 5 year old, I am so happy to see the joyous excitement on my children's faces when their new book arrives. Luke and Charlie can hardly wait for me to get in the house to read their new books; sometimes we never make it out of the car before we just take the moment to dive right in and read. This free book is so special to them. The pride on their face when they know not only that they received mail but that this book was sent just for them is just priceless. It is like a little piece of Christmas all year along. Now that Luke has started school, going to the library is his favorite thing. I am so thankful for Imagination Library's positive reading influence on my boys and for helping me to take a moment to share my own love for reading by reading with them!
